

INVITATION

„CIRENE - Cross-border ICT Research Network” project *Result Workshop, Closing Event and Press Conference*

University of Novi Sad, Faculty of Technical Sciences, Grand Hall

14 June 2013

Dear Sir/Madam,

The University of Novi Sad, The Faculty of Technical Sciences, Department of Department for Computing and Control, is delighted to invite you to attend the **Result Workshop, Closing Event** and **Press Conference** of the **„CIRENE – Cross-border ICT Research Network”** project.

CIRENE is a project co-financed by the European Union within the framework of the **Hungary-Serbia IPA Cross-border Co-operation Programme**. It is a joint R&D project of the *University of Szeged*, the *University of Novi Sad* and the *Vojvodina ICT Cluster*. For more information, visit <http://cirene.sed.hu/>

The **overall project objective** was to strengthen and make more efficient and effective the cooperation between the research groups of the two universities, and create a base platform for common R&D activities in the area of embedded system testing. The cooperation platform is based on open research questions in the field and local industrial needs, which will enable knowledge transfer in the corresponding ICT sectors. As a **result of the project** a specific testing methodology and a platform for embedded systems have been developed, relying on the findings of the initial research and the needs of the local industrial players. Furthermore, medium- and long term **research topics and cooperation possibilities have been identified** as well.

On this event, we will provide an interesting programme, which will offer both a high level overview of project objectives and results, and a technical presentation of the outcomes of the CIRENE project. A press conference will be organized as well where the key representatives of the CIRENE project will answer the questions of the press.

After the press conference, you are cordially invited to join us for a buffet lunch where additional discussions will take place among the participants in a more informal way. See back of this letter for programme details.

Please confirm your attendance by writing an e-mail to frittman@inf.u-szeged.hu to give your confirmation.

Contact person: Patricia Frittman, project administration, phone: +36-62-546-781

We look forward to seeing you at the University of Novi Sad Grand Hall on 14 June 2013.

Kind regards,

Dr Miodrag Temerinac
CIRENE co-ordinator from FTN side

„CIRENE - Cross-border ICT Research Network“ *project Result Workshop, Closing Event and Press Conference*

*University of Novi Sad, The Faculty of Technical Sciences, Grand Hall
(21000 Novi Sad, Trg Dositeja Obradovića 6)*

14 June 2013

Programme

8:30	Registration	
9:00	Welcome speech	Miodrag Temerinac PhD, Project co-ordinator from FTN side
9:10	CIRENE project overview: vision, plans and results	Árpád Beszédes PhD, CIRENE Project Leader, University of Szeged
9:30	Technical Block I: Black Box Testing methodology	Vukota Peković, University of Novi Sad
9:50	Technical block II: Related presentation about MaTeLo and used BBT platform integration; research plan, topics	Miroslav Popović PhD, CIRENE Researcher, University of Novi Sad
10:00	Technical block III: White Box Testing methodology	Tamás Gergely PhD, CIRENE Researcher, University of Szeged
10:20	Results and demonstration, conclusions	DEMO: results, Vladimir Marinković, University of Novi Sad
11:00	Coffee Break	
11:15	Closing: General introduction and results	Árpád Beszédes PhD, CIRENE Project Leader, University of Szeged
11:30	Closing: About project impact on the region	Milan Solaja, CIRENE project manager, Vojvodina ICT Cluster
11:40	Closing: Closing speech	Miodrag Temerinac PhD, Project co-ordinator from FTN side, Rade Doroslovacki PhD, FTN Dean
11:00	Press Conference (parallel session with coffee break, closing, and lunch)	
12:00 – 14:00	Buffet Lunch
